The Provisions of the Town of Benson's Zoning Ordinance are minimum requirements and where at variance with requirements of other lawfully adopted regulations; the most restrictive of that imposing the higher standard shall govern.

G.S. 153.A-358. Time limitations on the validity of permits. A permit issued pursuant to G.S. 163A-357 expires six months, or any lesser time fixed by ordinance of the town, after the date of issuance if the work authorized by the permit has not commenced. If after commencement the work is discontinued for a period of 12 months, the permit therefore immediately expires. No work authorized by a permit that has expired may thereafter be performed until a new permit has been secured.
